REMARKS:

Before I get too far into
PI uses and needs for
color film I would
like you to review this.

Could we do this kind
of processing? If not,
what else would we need?

What's your opinion
of this? (OVER)

I talked to Capt. Swanson
of USCGS on Sunday.

He says their latest results
are even better than these.
How about touring his labs.
and getting a first hand
impression?

Try to get some extra copies
of this report so I can
forward to OPS, COMOR,
DD/S&T, etc.
